

# **STEVESTON SALMON FESTIVAL 75TH ANNIVERSARY**

## **2022 Horticultural Show Application Package**

- Welcome Letter
- Entry Form
- Class List

June 1, 2022

Dear Gardener:

The Steveston Community Society invites you to participate in the 51<sup>st</sup> Annual Horticulture Show on Friday, July 1! We look forward to your participation and seeing all the lovely and delicious offerings you will present this year.

Community Centre, 4111 Moncton Street. Information regarding drop off of your entries will be emailed to you a few days prior to July 1.

Please find enclosed this year's entry categories and an entry form, which must be submitted to the Steveston Community Centre in person, or by email to [admin@stevestonsalmonfest.ca](mailto:admin@stevestonsalmonfest.ca) **no later than 4:00pm, Tuesday June 28th**. Prizes will be awarded for Best Flower, Best Rose, Best Vegetable, Best Junior Entry and Best in Show. There are also place ribbons and cash prizes awarded in each category with more than one entry. We do not award prizes if there is only one entry in a category.

This year, our judges will be on-hand for critiques after judging is completed. We also encourage entrants to bring anything you feel is worthy of consideration – “anything goes” – and the judges will create new classes depending on what you bring! Please also help us grow the show by challenging your family, friends and neighbours to enter as well!

***All entries and prizes must be picked up between 4:00pm and 5:00pm on July 1<sup>st</sup>. Any unclaimed entries will be composted and containers donated to the thrift shop after one week.***

Good luck, happy growing, and thank you for helping make our Horticultural Show a great success!

Sincerely,

*Bev Percival Smith*

134. Garden Bouquet – 1 vase, 5 rose blooms with anything else “in” your garden i.e. ferns, annuals

---

**Only one exhibit per class per individual. APPLIES TO ALL DIVISIONS.**

**DEFINITIONS:**

Arrangements	A floral arrangement consists of fresh cut material in a container with base, if necessary.
Composition	A composition may consist of dried, weathered or treated materials, and/or accessories with or without fresh cut plant material (including fruits and vegetables).
Design	A design may be either an arrangement or a composition.
C.V.A.	Colour variations allowed
A.O.V.	Any Other Variety
Variety	A natural occurring variant of a species – the preferred term is “cultivar” meaning cultivated variety.

**TIPS FOR A SUCCESSFUL EXHIBIT:**

- attractive vases, containers and baskets should be of an appropriate size for the material being exhibited
  - in floral art the exhibit should be 1/3 container 2/3 material
- all exhibits (including containers) should be clean, groomed, undamaged and free of insects
- check exhibits when staging for adequate water in vases (bring a watering can with you)
- read the schedule very carefully making sure you have the correct numbers required for each exhibit
- remove excess foliage, especially parts below water
- handle flowers carefully to avoid bruising
- when exhibiting cut flowers the foliage from the same plant should be included in the exhibit if possible as a higher grade will be awarded for included foliage
- use a sharp knife to cut stems on an angle before placing in water (this allows for proper water uptake in the stem)
- uniformity in size and color is most important when showing fruits and vegetables
- leave bloom (frosty color) on all grapes, plums and blueberries

**ALL ENTRIES AND PRIZES MUST BE PICKED UP BETWEEN 4:00PM AND 5:00PM, JULY 1<sup>ST</sup>**
